The Book of Affirmations®

Did you know that asking a new kind of question can change your life?

One morning in 1997, college student Noah St. John was in the shower when he asked himself a question that changed his life: “*Why are we trying to change our lives saying statements we don't believe . . . when the human mind responds automatically to something even more powerful?*”

That's when he invented the stunningly simple yet amazingly effective method he named **AFFIRMATIONS**—a method that's since helped tens of thousands of people around the world to attract more money, lose hundreds of pounds, find their soul mates, and dramatically improve their lives.

THE BOOK OF AFFIRMATIONS® isn't just another book on abundance. It's a proven step-by-step guidebook to living the life of your dreams. In this book, you'll discover...

- How an unhappy employee went from \$60,000 in debt to a six-figure income using this method (page 94)
- The 5-word phrase that will attract your desires to you while you're not even paying attention (page 53)
- The 10 words that will help you lose 10 pounds—and *keep* it off! (page 51)
